BEFORE THE CABINET.

Instructions For Commissioners Discussed.

THEY WILL BE MODIFIED.

Text Did Not Conform to the Views of Some Members.

WANT FURTHER DETAILS GIVEN

The Military Commissioners Will Be Charged With Providing American Troops to Garrison Towns as Soon as the Spanish Soldiers Leave.

Washington, Aug. 24.—The most important subject before the cabinet meeting was the instructions to be given to the Cuban and Porto Rican military commissions.

A set of instructions in each case had been prepared and were read at the meeting, but as they were found not to conform in several particulars to the views of the cabinet they will be recast on somewhat different lines within the next two or three days and presented to the president for his approval.

It is said that these instructions will deal almost entirely with matters of detail.

The commissioners will be charged with providing troops for the occupation of cities and towns as rapidly as the Spanish forces are withdrawn; the collection of the customs and other revenues, and the maintenance of peace; they will receive the arms and other public property surrendered by the Spaniards, and exercise all of the functions of government over the surrendered territory until such time as the president shall otherwise direct.

It is believed that the commissioners to both Cuba and Porto Rico will be ready to sail for their posts of duty within the next few days.

Instructions to Merritt.

Washington, Aug. 24.—The following dispatch has been sent to General Merritt at Manila: "The president is glad to know you have ample force. Keep only such ships as you may require for transportation purposes. Every provision will be made on the health of your command and the comfort of your sick. You are authorized to use any of the transport ships for hospital purposes, and the naval hospital at Hongkong can be utilized for the soldiers in case of necessity. The troops of your entire command should be in camp or quarters, as you desire. The question of returning any troops can only be decided after the ratification of the report of the peace commission. All transports not needed for the immediate use of your command should be ordered to San Francisco as soon as possible."

Bids For Torpedo Boats.

Washington, Aug. 24.—The navy department opened bids for 16 torpedo boat destroyers and 12 torpedo boats, to cost in the aggregate not to exceed \$6,000,000. These 28 destroyers and torpedo boats constitute the largest single addition ever made to the navy. The destroyers are to be completed within 18 months and the torpedo boats within 12 months. According to the requirements of the department the destroyers are to have a guaranteed speed of 28 knots, and the torpedo boats 26 knots. The destroyers are to be about 400 tons and are to cost not more than \$295,000 each, while the torpedo boats are to be about 150 tons and to cost not more than \$170,000 each.

Illness of Porto Rican Troops.

Ponce, Porto Rico, Aug. 24.—Illness among the American troops is on the increase and there are now nearly 1,000 cases of malaria and dysentery, with a few typhoid fevers. There is absolutely no recuperating property in the climate, and Surgeon General Greenleaf has urgently recommended that the sick be sent north as rapidly as possible. It is reported there is yellow fever at San Juan, but Surgeon General Greenleaf's advices do not confirm the rumor. Monday night the heavens seemed ablaze to the eastward and the fire alarm was given out. A detachment of the signal corps went as far as Santa Isabel, but found all quiet there. The fire was not located.

Peace Commission.

Washington, Aug. 24.—It is understood that the president will be ready to announce the personnel of the peace commission before the close of the present week, and possibly within a day or two. The members definitely decided upon are believed to be Secretary Day, Senator Davis of Minnesota,

Senator Frye of Maine and probably Mr. Justice White of the supreme court.

A Quartermaster's Disgrace.

San Francisco, Aug. 24.—Quartermaster Sergeant James C. Young, Twentieth Kansas, recently tried by a court-martial for selling quartermaster's supplies, has been found guilty of embezzlement and sentenced to one year's confinement at hard labor in the United States penitentiary at Leavenworth, Kan.

That Muster-Out Order.

Washington, Aug. 24.—It is expected that the order for mustering out 100,000 men of the volunteer forces will be issued Wednesday. The list of troops to be mustered out is nearly complete, but some changes no doubt will be made before the order is finally signed. This will reduce materially the number of troops in the different camps. The Third corps, which has been commanded by General Wade, has been ordered from Chickamauga to Huntsville, Ala. One regiment will be retained at Chickamauga under General Boynton.

Thwarted By General Blanco.

Havana, Aug. 24.—The authorities have declined to allow the landing of a number of American correspondents who arrived off the harbor from Santiago. Mr. Jerome, the British consul, called upon General Blanco and urged him to allow the correspondents to land. General Blanco, however, declined to comply with the request, on the ground that their presence in Havana prior to the arrival of the military commissioners from the United States might prejudice the work of the commissioners while discussing the peace details.

Coaling For Their Long Trip.

San Francisco, Aug. 24.—The transports Australia and City of Sydney have begun coaling. They will probably sail for Honolulu on next Saturday with the Scandia, conveying the troops which may later be sent to Manilla. It is understood that the Eighth California will be one of the last regiments to go. One of the Sixth California and the First Washington are not included in the Philippine forces, and therefore have no chance of going away. The same is true of the Fourth California heavy artillery.

Cavalrymen to Be Dismounted.

Washington, Aug. 24.—Senator Hansbrough of North Dakota had a conference with the president in behalf of Grigsby's Rough Riders, who are anxious to be kept in service and sent to either Cuba or Porto Rico. The senator learned that it has been decided to muster out all of the volunteer cavalry but that it may be possible for cavalrymen wishing to remain in service to be dismounted and kept as infantrymen.

Prizes to Be Released.

Washington, Aug. 24.—The government has withdrawn its appeal in the cases of the Spanish prize ships Miguel Jover and Catalina, and as soon as the necessary formalities can be completed with these vessels will be released. It was held by the United States district court in Florida that although these cases did not come within the terms of the president's proclamation they undoubtedly did come within its intent.

Not Serious.

Washington, Aug. 24.—The navy department received a dispatch from Rear Admiral Schley's wife, saying that in her opinion his illness was not serious and that he probably would be around in a few days. With this reassurance there is felt to be no occasion for substituting another name for that of the rear admiral on the Porto Rican military commission unless his illness should become more grave.

The Duncan Case.

Thoroughfare, Va., Aug. 24.—Eight more witnesses for the defense remain to be examined in the case of Captain Duncan, Twenty-second Kansas, charged with opening graves. It is said that the witnesses for the defense already examined have not improved Captain Duncan's case very much and have been of material aid to the prosecution. They have failed to establish an alibi for the prisoner.

Disposition of Fleet.

Washington, Aug. 24.—The disposal of the large fleet of auxiliary cruisers, naval craft, about 100 in all, including a number of large ocean-going merchantmen which have been improvised into cruisers, colliers, etc., will be taken up at the navy department by a special board of naval officers.

Unfounded Rumors.

Manilla, Aug. 24.—The rumors of trouble between the natives and the Americans are for the most part unfounded. The fact is that the insurgents have been unwilling to disarm until assured of the permanence of American protection.

Sampson Leaves Washington.

Washington, Aug. 24.—Admiral

Sampson left Washington for New York, and will go aboard his flagship the New York, which will be put in dry dock at once for repairs. Admiral Sampson probably will leave for Cuba about September 2.

To Try Hobson's Scheme.

New York, Aug. 24.—The transport Segurana sailed for Santiago at 3:30 p. m. Among her passengers is Lieutenant Richmond P. Hobson, who is going to try his rubber-bag scheme for raising two of the sunken vessels of Cervera's squadron.

Reviewed the Brigade.

Washington, Aug. 24.—General Corbin reviewed the Pennsylvania brigade at Camp Alger. This brigade is composed of the Eighth, Twelfth and Thirteenth Pennsylvania regiments.

Another Ohio Boy Dies.

Washington, Aug. 24.—Privates Morgan, company B, Fourth Missouri, and Roma Duvall, Seventh Ohio, have died of typhoid fever at Camp Alger.

Meeting of Cortes.

Madrid, Aug. 24.—All the papers announce the reassembling of the cortes between September 6 and 10.

To Keep Philippines.

Washington, Aug. 24.—Senator Hansbrough of North Dakota authorized an interview in which he said: "I have been surprised on meeting prominent business men in the east in the last 30 days to find almost a unanimity of feeling in favor of holding the Philippines. At first I supposed it was merely the outcome of enthusiasm over the success of our arms, and a desire to keep the flag wherever it had been planted, but I find the sentiment in favor of territorial expansion is growing."

Last Hope of People.

Madrid, Aug. 24.—El Liberal says: "Parliament is the last hope of the people. If it does not arouse the nation from its lethargy, does not know how to sever with a firm hand the ties which bind Spain to so many dead things and array all Spaniards in solid body, the organization of the future will fall, like all others, into irreparable discredit and it will end by losing the little influence over the destinies of the country it has."

Danger of a Standing Army.

London, Aug. 24.—Henry Labouchere, in Truth, says that a large standing army would be necessary if the United States were to embark on a spirited foreign policy of annexation. This army would soon crush out democracy at home, and in the end some popular general would feel it his duty to save society by making himself such a president as the constitution never contemplated.

To Feed Destitute Cubans.

Washington, Aug. 24.—The war department is considering plans for feeding the people in Cuba who may be found in a starving condition when the Spanish evacuate. From what was known of them before hostilities began and the fact that very little opportunity has been afforded them since to secure food, it is believed that thousands must be destitute.

Friction Disappearing.

London, Aug. 24.—The press learns that the Philippine junta in London received a dispatch from Manilla announcing that matters there are rapidly quieting down and that the friction between Aguilalido and the Americans is disappearing.

New Military Postal Stations.

Washington, Aug. 24.—The postmaster general has ordered that military postal stations be established in Porto Rico at Guayamas, Mayaguez and San Juan with facilities for the transaction of money order and registry business.

Will Go to Porto Rico.

New York, Aug. 24.—The quartermaster department has received word that the Twenty-third Kansas infantry will arrive here from Topeka. The regiment is to go to Santiago on the Vigilancia Wednesday.

Missouri Republicans.

St. Louis, Aug. 24.—The Republican state convention spent the afternoon listening to speeches. Webster Davis of Kansas City, assistant secretary of the interior said: "We have got the Hawaiian and Philippine islands and Porto Rico, and may yet have Cuba. That's not bad for 113 days of McKinley's administration, is it?" The platform approves the McKinley administration, the peace protocol, favors the Nicaraguan canal and asserts that the Monroe doctrine does not forbid territorial expansion.

London, Aug. 24.—George Curzon, viceroy of India, will start for Calcutta with Mrs. Curzon in December, to relieve Lord Elgin, the retiring viceroy at the beginning of next year. In the meantime Mr. Curzon will rest and recuperate his health.

Russell Arrives.

New York, Aug. 24.—Hon. Charles Russell, the representative of Sir Thomas Lipton, who is challenging for the Americas sup, has arrived here.

GERMAN CATHOLICS.

Public School Question Discussed in the Milwaukee Convention.

Milwaukee, Aug. 24.—Five bishops one of them an archbishop, attended the German Catholic societies' convention, two of whom made addresses one of them delivering an admonition that came from Rome direct, instructing and urging the members of the societies when they returned to their homes to spread broadcast the words which might be said to come almost directly from the pope himself. These utterances were made by Bishop Messmer, who has just returned from his pilgrimage to Rome, and he spoke concerning the school question.

Not only did Bishop Messmer take a radical opposite stand to Archbishop Ireland with reference to the schools, but he told the members of the societies that the propaganda viewed with regret the attitude of many of the English-speaking Catholics in this country on the school question, while the position of German Catholics met with approval.

The words of the pope as they were delivered to Bishop Messmer, as he presented them, were to the effect that it was to be regretted that so many Catholics were sending their children to the public schools in place of the parochial schools.

Jago Rearrested.

London, Aug. 24.—At the Bow street police court J. W. Jago, chief officer of the White Star steamer Britannic, charged on a warrant issued at the request of the United States embassy with mail robbery and smuggling, was formally discharged. He was immediately rearrested by the British authorities on a charge of robbery within the British Dominions, this arrangement having been reached by the United States embassy.

Train Crew Injured.

Knoxville, Tenn., Aug. 24.—The southbound passenger train on the Atlantic, Knoxville and Northern was wrecked three miles south of Knoxville. The train started an hour late and ran into several freight cars left on the main line at the junction. Two of the train crew were fatally injured. Engineer Bert Garwood of Blue Ridge, Ga., will die, as also the fireman.

A Big Program.

Boston, Aug. 24.—With attendance swelled to upwards of 700, the second day of the convention of the American Association for the Advancement of Science opened here. The program was a heavy one, comprising meetings of all the sections, two excursions and several receptions.

Treasury Statement.

Washington, Aug. 24.—Statement of the condition of the treasury shows: Available cash balance, \$277,868,851; gold reserve, \$205,439,254.

Started a Run.

Manilla, Aug. 24.—The distrust felt as to the Spanish bank, which originated in rumors as to an excessive note issue to aid the Spanish authorities led to a run on the institution, but the British banking houses came to its assistance and averted a failure.

Drug House Burned.

Macon, Ga., Aug. 24.—The store and stock of H. J. Lamar & Sons, one of the largest wholesale and retail drug houses in the state was totally destroyed by fire. Loss \$105,000; insurance \$85,000.

Date of Convention.

Trenton, N. J., Aug. 24.—The Republican state committee met here and decided to hold the Republican state convention in this city on September 22.

Perious Clash in Third District Meeting, During Which Weapons Are Said to Have Been Drawn—Myers Gets on a Committee.

Dayton, O., Aug. 24.—The preliminary meetings by congressional districts of the delegates to the Democratic state convention indicate that the Dowling men by a close margin defeated the Allen O. Myers' regime.

The latter are, however, fighting in all the committees and will continue the fight in the convention.

At the meeting of Third district delegation during the evening, a revolver was drawn by one delegate and a knife by another. In this district are the delegates

DISAPPOINTED in his hopes of becoming Assistant District Attorney of Kentucky, the Hon. John H. Wilson has become a candidate for Circuit Judge in the Twenty-seventh district. As Br'er Pugh failed to land him in the position first named, he ought to go over into the Twenty-seventh and help his old friend out.

An official of the Department of Justice at Washington says the Republicans of Kentucky seem to be united on one thing at least, and that is the passage through Congress of the bill forming another judicial district in this State. It is thought the bill will be passed at the next session. And then wont there be a scramble for the new Judgeship! Br'er Pugh will be right after it.

HAVING A FINE TIME

In Chicago is General Charles Phister. Some of the Big Establishments of the Windy City.

CHICAGO, ILL., AUG. 16, 1898.

The war is over and all the people are exultingly happy. The whole world will see (so will history) that our cause was just and that we are slow to appeal to the sword, but swift to strike when there is no alternative but war, until victory is ours. Our high sense of duty as a nation to humanity made a free and independent country of Cuba, saved her from degradation, starvation and death. To God be praises. The Philippines have been won dearly and should not be given back. The blood of our fallen heroes has there been shed as a memorial sacred to humanity and our flag waves over it as a shield from foreign foes. There may it flutter in the breeze until the angels shall call us from our dusty beds to an immortal home in heaven. The war was as short that many who volunteered and were anxious to go the front as those who did, will be cared for and honored alike whether in camp or battle.

Without a doubt Chicago is going ahead faster than any place anywhere. A few years ago company built a fine stone structure on the corner of Lasalle and Monroe streets, twelve stories high, occupying one-third of a block, and costing eight hundred thousand dollars. They are now adding to its height two stories more. They have almost completed an addition the same size and height, costing only four hundred thousand. My son has an office here, 507 New York Life Building. There are no vacant lots in the center of the city and in a short time there will not be any near the heart of business. In going with my son to his office I see many large and costly houses are being put up, on one lot sixteen very handsome ones and on the opposite side six more, no two alike. An insurance company owns them. The department stores are from seven to ten stories and some occupy a whole block, and have 3,000 clerks and every floor crowded. Second in Maysville on circus day, Curiously took me in one of them. They were selling 50c. baskets of peaches for 9c. Don't your mouth water to think of it? Or they will give you a \$5 gold piece for \$175, but you have to stand in line of between one and two hundred, like at an election. My little great-grandson was down town with me and having to surge through so many thousand he said, "there must be a circus here, or it is Saturday." The day before Sabbath my wife, my son and myself went out to Lake Bluff camp meeting by rail, about forty miles out. It is beautiful beyond description. Their tents are nearly all handsome buildings, two stories. Sabbath we went to the Sabbath school and remained for church at the St. James M. E. Church, the largest and finest edifice in the city. Had a congregation of over 1,200, S. S. 500. After lunch my son asked me if I did not want to take a Sabbath day journey. I told him yes. It was fifteen miles on electric car to Blue Island; cost 5c. The streets were so crowded with cars, and people that one could hardly get along for the other. The street before our house is full of boys and girls riding bicycles and flying kites. A beautiful sight. Fine exercise and fun. The dresses of the riders here are shorter than in Maysville. Why I don't know, unless it is to imitate the Boston girls, who say they "don't care how the wind blows, for they are h-1 on shape."

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Diseas" fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recover, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at J. James Wood's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

DOWN IN CUBA

The Soldier's Life Is Not a Pleasant One By Any Means.

Insects, Poisonous Weeds, Lizards, Scorpions and Tarantulas in Distressing Abundance.

In a letter just received Prof. Henry Lloyd, a brother of Mrs. John C. Adams, tells of some of the hardships endured by the soldiers down in Cuba. Prof. Lloyd enlisted, as previously stated, in Company L, First Illinois Infantry, at the commencement of the war, and the BULLETIN published a letter from him some weeks ago written as he was on the point of leaving Tampa for Cuba. As will be seen from what he says below the brave soldiers have had very rough time of it at Santiago. Following is his letter to Mr. and Mrs. Adamsou in full: COMPANY L, FIRST ILL. VOL., SANTIAGO DE CUBA, { AUGUST 5th, 1898.

My Dear Brother and Sister: I have just closed a letter to mother and father which they will doubtless send you, but I feel you should not pass if I have an opportunity to write. The reason my communications home have been so rare and so scanty is, first, because I have been too busy to write and again there has not been enough that was pleasant to tell. I am opposed to telling unpleasant things to mother and father at all, nor do I care to tell them to anybody until the trouble is over. At the present writing "everything is lovely and the goose hangs high." We have just been relieved of the duty of guarding the Spanish camp. We did guard duty night and day for two weeks. Company L guarded a line three quarters of a mile long. The annoyances of our situation have been considerable. It rains once or twice a day, but rarely at night, thank the Lord. Between showers the sun comes down with all its tropical fury.

Every other bush and weed is poisonous; flies, mosquitoes, stinging insects, lizards, scorpions and tarantulas exist in distressing abundance. I did my night shift of guard bundled up in a mosquito bar, and wearing socks on my hands for protection. Even then my hands and wrists were sights for a while—and itched terribly. In shady and moist places, of which one can scarcely go amiss, the very earth stinks.

Practically, everybody has been sick. During the two weeks' guard duty only live men continued able to do duty. I am thankful it was one of the five. For awhile it worked the well ones exceedingly hard to do the guard and care for the sick too. We had to cook—every fellow by his own fire, and with poor equipments, make the most of an irregular and injudicious supply of food in the shape of the rawest kind of raw materials. We had to carry all water for a mile up one of the steepest hills and boil it before it was fit for use. For a while I got only from two-and-a-half to four hours rest in the twenty-four hours.

But it's all over now, practically. On Saturday evening we had the last mean dose when we marched to our present position through rain and mud and slept in wet blankets and wet clothes on the wet ground. Two nights of uninterrupted rest has put us in good shape. For my part I feel as well as I ever did in my life.

The First Illinois have won no gory honors as the Rough Riders have done, but they have faced a condition which has sent many to the hospitals and to their graves than Spanish bullets have done. For a while many times each evening was heard the three volleys which announced that some poor fellow would not see his native land again. One of the University boys in Company L is numbered with the dead. His name is Paul G. Le Maire.

This supplement in a way rather more gloomy than I could wish, the account in the letter home. But I want to say that not for one instant have I ever felt blue, or regretted that I am where I am. I am not in it for fun, and I am prepared for the worst that comes. No, I would not care to be transferred simply to be with Messrs. Hutchins and Durrett, although it would be a great pleasure to be near one's neighbors. I could desire a transfer only to share the fortunes of the boys from my native State, and above all to do my utmost, small as that might be, to uphold the honor and credit of old Kentucky.

Embarking of troops has begun. We take our turn and proceed to a summer resort on Long Island. I have learned this (our destination) from our Captain since I closed the letter home. With much love to you all. Your brother,

HENRY LLOYD.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky. Sold by J. Jas. Wood & Son, druggists.

KOREA.

Of intellectual and spiritual life there is but a feeble glimmer. For 8,000 years the influence of China has been at its dry rotting work. The language, literature and moral teaching of China are the badges of refinement, have depreciated the native tongue, and in consequence the natural mental development, and have drawn a line of demarcation between the aristocratic or Chinese bred and the plebeian Korean speaking classes.

Of late there has been some reaction, Japanese prompted, so that official documents and The Gazette are now issued in a mixed script, partly Ennum, the national language, and partly Chinese. This revival of the language is the most hopeful sign of Korea. Necessarily since the mortmain of China has kept the national life at its lowest ebb the religious teaching is Chinese too. Confucianism is the doctrine of the upper classes, its precepts vigorously honored in the breach, just as the Ten Commandments are made conspicuous farther west.

IN its account of the suicide of Henry Bradley, an eccentric old bachelor of Robertson County, the Cynthiana Democrat says: "Boss" was an eccentric character. A story is told that he used to keep six or seven hundred dollars on deposit in banks at Maysville and Carlisle. About once a year he would walk to Mayville, check out his money and carry it to Carlisle, where he secured what was due him there, and put the whole amount in his pocket and walk back to his home in Robertson. There he carefully counted the money and put it away for a month or two; only to finally carry it back to town for deposit. Thus he kept a strict check on the banks.

Prevention of Disease in Summer.

A distinguished Philadelphia physician, Dr. Solis-Cohen, gives the following timely hints upon health: "Ice water forbidden; all drinking water to be boiled.

Cheese, cream puffs, canned goods regarded with suspicion. Especially avoid the ice cream furnished at Sunday school picnics. Beer, with exceeding discretion.

The alimentary canal to be kept clean. With infants, if diarrhoea sets up, use a mild purge and diet carefully. If the child suffers much pain, use the camphorated tincture of opium (paregoric) which is the most available preparation for this purpose. Avoid powerful astringents in the early treatment of the case.

Remember that the three important factors in the production of the disease are intestinal irritation, heat prostration and toxæmia.

IMPORTANT DECISIONS

Regarding War Revenue Measure Handled Down by Internal Revenue Commissioner Scott.

Proprietors of "bucket shops" who negotiate sales of stocks and bonds are held to be liable as brokers \$50 on these transactions, and where they also negotiate sales of grain and produce they are to be held liable to an additional special tax on these transactions as commercial brokers, \$20.

The following is a reversal of a former decision, and is of considerable importance: A certificate of acknowledgement to a deed, where the consideration of the deed is \$100 or less, or to a mortgage, where the consideration is \$1,000 or less, does not require a stamp.

Telegraph messages sent by the Associated Press over their own private lines to different newspapers are not required to be stamped.

When one uses a leased Western Union telegraph wire for which he pays a stipulated annual rental and has the exclusive use, and for which he employs his own operator, stamp tax is required from him on messages sent by him over this wire relating to his own private business.

Retail dealers are not permitted to remove chewing gum from original stamped packages and place it in a show case. The Commissioner, however, rules that the gum may be placed in a vending machine.

A teacher's certificate issued by a County Superintendent of Public Instruction, or other officer of State, county or municipality, or given under regulations adopted in connection with the public schools, is held to be for governmental purposes rather than for private uses, and does not require a stamp.

The payment of tax on messages sent by a telegraph company and then transmitted by a telephone company does not exempt the last named from paying a tax.

Wine given to salesmen to be distributed as free samples must be stamped.

An order payable or redeemable in merchandise only, and not in money, does not require the 2-cent stamp. Rebate checks on trains, given by conductors, which are redeemable by the company's agent upon presentation, require a stamp.

A bond filed by order of court to obtain a decree or order for the sale of real estate is a bond given in a legal proceeding, and is exempt from tax.

Mere agreements to build houses are not taxable, but if bonds are included for the faithful performance of work or contracts they are held to be subject to tax as bonds.

No stamp is required upon the transfer by indorsement of a promissory note.

Promissory notes which have matured, and which have been allowed to run without suit, although interest was paid, are not looked upon as renewals, but as a

WEEKLY CROP BULLETIN.

The Weather the Past Week Just Such as Was Needed—Corn and Tobacco Benefited.

The weather of the past seven days was comparatively dry, warm and sunny; just such conditions as were needed after the incessant rains of the past few weeks, and all crops in the State have been benefited.

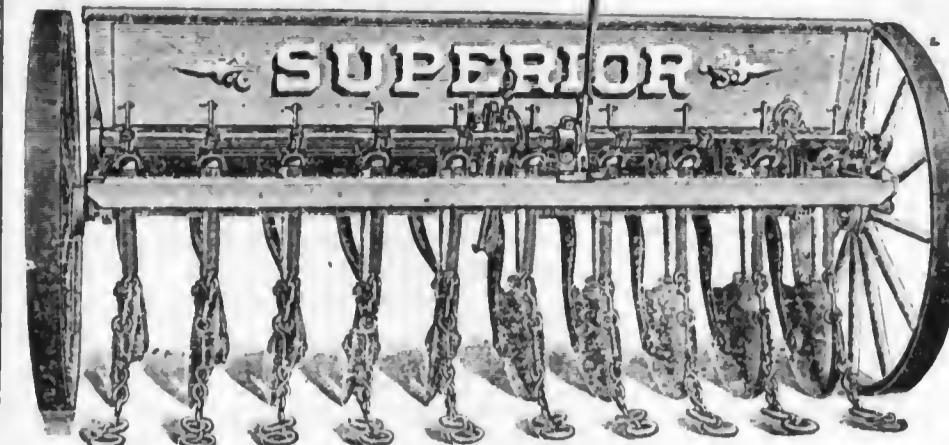

The threshing of grain, which has been so long delayed, was resumed and practically completed, and plowing for wheat is again progressing.

Corn is excellent, maturing rapidly, and a heavy crop is assured.

Tobacco continues to improve and the plants are beginning to be cut and housed throughout the State.

Minor crops, gardens and pastures are in excellent condition.

SUPERIOR

The only absolute positive force feed, which can be instantly changed to any desired quantity—a vast improvement over the old style cog wheel feed abandoned many years ago. Can be thrown in and out of gear, allowing the disc to remain in the ground—another improvement over the old style drills.

THE SUPERIOR SINGLE DISC DRILL will do more and better work with less labor than any other drill made. It will sow and cover grain in all kinds and conditions of soil, in hard ground and soft ground, in weeds, corn stalks, crab grass or any kind of vines, without clogging. We have been selling this drill for four years. Ask the users as to their superiority and they will invariably tell you to buy no other and that they are the best drills on earth. The SUPERIOR was the first successful Disc Drill. There are imitations; Beware of them. We solicit your inspection of the Superior before placing your order for a drill.

IN TROUBLE.

Two Maysvillians Caught Retailing Liquor on the Street at Flemingsburg.

[Fleming Gazette.]

Two fellows from Maysville, named Dailey and Bradford, were caught on the streets here Monday dealing out liquor in bottles of pints and half pints. They were in a buggy on the Fox Springs pike and were enjoying a good patronage when the authorities got on to the racket.

Sheriff Scott arrested the pair and Dailey at once confessed his guilt and was lodged in jail to await the action of the next grand jury. The U. S. authorities will likely want him when the courts here are through with him.

Bradford claimed to be only a driver with the rig, which was hired in Maysville, and was turned loose. Dailey says he is just out of the alms house in Maysville, and is unable to earn an honest livelihood.

Several Hundred Knights Leave the Ranks

DURING THE GRAND PARADE

Supreme Keeper of Records and Seals
White Demands an Investigation
of the Grand Officers of
the Supreme Lodge.

Indianapolis, Aug. 24.—The biennial encampment of the Knights of Pythias in point of attendance is a success.

The executive committee on last Friday estimated the attendance at 40,000, but careful estimates secured from railroad officials show that since Saturday 75,000 people have been brought to the city.

The attendance exceeds that at the G. A. R. encampment held here several years ago. There are not as many members of the uniform rank as expected, but the members of the subordinate lodges are here in greater numbers than at any meeting before.

A greater number of people have passed through the union station gates than ever before in the city's history in the same time.

The most important feature of the day's program was the big parade, participated in by all the uniform rank and subordinate lodges. Careful estimates place the number of men in line at 18,000, of which 10,000 were members of the uniform rank, led by Major General Carnahan. Governor Mount rode a horse in the parade.

The weather was intensely hot and several hundred, all told, were forced at different times to leave the parade.

The great body of men began to move from Camp Colgrove at 2:30, reaching the reviewing stand at the courthouse on Washington street at 3:50. It required two hours for the parade, about 25 men abreast, to pass a given point.

At the courthouse the Pythian army was reviewed by Supreme Chancellor Colgrove.

Next to the parade the most important event was the convening of the supreme lodge in the house of representatives at 9 a. m.

Welcoming addresses were made by Governor Mount and Mayor Taggart, and Supreme Chancellor Colgrove also spoke on behalf of the lodge.

In the executive session Supreme Keeper of Records and Seals R. L. C. White asked for a hearing on the grounds of personal privilege. He said that the officers of the supreme lodge had been attacked and the charges made against them should be investigated.

To Contest His Will.

New Albany, Ind., Aug. 24.—Charles Boon of Fredericktown, O., was appointed administrator of the estate of his brother-in-law, John Rollison, who was found dead on his farm near this city several days ago. Rollison, who left an estate valued at nearly \$10,000, gave \$4,000 to a United Brethren school at Dayton, O., and this gift will be contested by Boon on the ground that Rollison was not of sound mind when he made the bequest.

Secret Wedding.

Lafayette, Ind., Aug. 24.—The facts of a wedding which occurred on July 2 have just become known in this city, and the surprise is the greatest of its kind the community has ever known. The bride, a widow of five months, was Mrs. Margaret Watkins Downey of this city, and the bridegroom, Mr. Charles Spurling of Chicago, in which city the ceremony was performed. They were old sweethearts.

Rule Saves Corn.

Clinton, Ind., Aug. 24.—The belated rains came just in time to save the parching corn crops in Vermillion and Parke counties, and the farmers of the Wabash valley are happy in anticipation of gathering next fall the largest crop in the history of the two counties.

Cass County's Wheat Crop.

Logansport, Ind., Aug. 24.—This season's wheat crop in Cass county was the best in years. Nearly every farmer had a bountiful yield. The best was on the farm of Walter McCrea, four acres producing 170 bushels. The grain was of the Wheatland variety.

To Be Mustered Out.

Indianapolis, Aug. 24.—Governor Mount received a telegram from Adjutant General Corbin announcing that the One Hundred and Fifty-seventh Indiana, Colonel Studebaker commanding, has been ordered to Indianapolis for muster out.

Fatal Piney.

Bedford, Ind., Aug. 24.—The cattle in this county are suffering and a large number dying from keratitis, commonly called southern piney.

Robbed by Highwaymen.

Madison, Ind., Aug. 24.—N. T. Drake was met by highwaymen on the Canaanpike last night and robbed of his pocketbook.

New York, Aug. 24.—The executive committee of the Wholesale Grocers' association, of which J. F. Grinstead of Louisville is chairman, began the opening session of its annual meeting behind closed doors in the rooms of the New York board of trade.

EAST LIMESTONE.

Miss Florence Rash, of Orangeburg, spent Sunday here with relatives.

Miss Jennie Rains visited Mrs. Mills, of Mayville, Saturday and Sunday.

The present hot days are prematurely ripening the tobacco which the farmers are cutting.

Miss Fannie Power, of Forman Springs, is the guest of her sister, Mrs. Alex. Rains, this week.

Greely and Pelham Dogman, of Springdale, spent several days with relatives here the past week.

A. Mr. Gooche, of Virginia, who has made his home with Miss Sarah King for the past twelve years, died Monday morning after a brief illness of stomach trouble.

Mr. John Coughlin, our busy dairyman, had a fine young cow to die from eating too much corn after getting in a corn field caused by the water-gates washing out during the recent big rains.

Mrs. Elizabeth Ridgon, of Petersville, and daughter, Miss Cattie, of Bellevue, N. Y., who is en route home after an absence of two years, were guests of Mrs. Kate Smith several days last week.

Why should our soldiers lament that they were not called to the front? Is not their mission accomplished? The Maine has been avenged, Indian cruelties have been suppressed and Spain has been vanquished after the short space of 114 days.

Mrs. S. A. Smith, who has been spending the summer here with relatives, returned to Mayville Saturday where after spending a few days with friends she will visit relatives and friends in Nichols County.

Those present at the evening social given at the home of Misses Mayme and Maggie Sherman last week were Misses Cattie Ridgon, Bellevue, N. Y., Mary Ermelty, Cluclu, Marie Emral, Mayville, Lizzie, Mayme and Anna Adam, Anna Belle, Lizzie, Mayme, Maggie and Katie Ring, Ida Welsh, Plumville, Susie, Bessie and Katie Smith, Lizzie Schwartz, Sarah Davenport, Stanley Colburn, Bessie and Cora Bradford, Miss Bannister and Mrs. George Adams, Lee Mason, John Bradford, George Breeze, Jack Moyers, Joe Eppensther, North Liberty, O. Smith. The hours were delightfully whiled away until the break of dawn which ended an evening's pleasure that all present would gladly see repeated.

PLUMVILLE.

Mr. and Mrs. L. N. Dillard anticipate moving to their farm in Greenup County the first of September.

The Misses Ray, of near Helena, were guests of their cousin, Miss Coryell, of "Orchard Farm," the first of the week.

Owing to the men that were plastering the church not getting it completed the protracted meeting that was announced to begin last Saturday evening was postponed until Saturday evening, September 8th.

HELENA STATION.

Some tobacco has been cut.

School will begin the first Monday in September.

Mrs. Kate Pearce, of Maysville, is visiting Mrs. A. Finch.

Ben Warden, of Maysville, is visiting his uncle, H. M. Warden.

Richard Carr, of Maysville, is visiting Thomas Littrell this week.

Prof. J. Scott Clay, of Lexington, is visiting his aunt, Mrs. A. Finch.

A large crowd from here went to Cherry Grove camp meeting Sunday.

Miss Mary Luttrell returned home Saturday night after a trip to Niagara Falls.

Mr. and Mrs. Albert Swing returned to their home at Cincinnati Thursday after a pleasant visit with Dr. S. Brough.

Mr. and Mrs. Solomon Robertson, of Carlisle, came down Friday night to spend a few days here with Mrs. Roduey Cord.

Miss Jennie Rankins, of Covington, and Miss Alberta Rankins, of Augusta, came up to visit Wm. P. Harbeson and family Friday.

The Ladies Aid Society of the Broadway Christian Church, Lexington, will run an excursion over the L. and N. from Lexington to Mammoth Cave August 30th. Fare from here \$0.70. Those wishing to go should send their names to J. F. Moore, General Agent, Lexington.

The pain that sometimes strikes a man at the most inopportune moment is due to indigestion. It may come in the midst of a dinner and make the feast a mockery. It is a reminder that he may not eat what he chooses, nor when he chooses. He is a slave to the weakness of his stomach. A man's health and strength depends on his digestion. Remove the obstruction by taking Dr. Pierce's Pleasant Pellets. They are a positive cure for constipation and its attendant ills—headaches, sour stomach, flatulence, dizziness, biliousness and "heart-burn." The "Pellets" are very gentle in their action. They simply assist nature. They cause no violent wrench to the system. They cause no pain, nor griping.

Restive Killed.

Baltimore, Md., Aug. 24.—John Restivo, 30, and John Muscolino, 33, quarreled over a trivial matter and agreed to fight it out with fistfights. They accordingly repaired to Highlandtown in the suburbs of Baltimore and fought a duel in an open field in the presence of a single witness. Restivo was killed and Muscolino fled. The police are after him.

THE L. AND N.'S EARNINGS.

The Comparative Statement is No Longer Given Out to the Public.

The Louisville and Nashville railroad will give out no more comparative statements of earnings to the public, says the Lexington Herald. This order was delivered by President Smith shortly after the notice that the employees' salaries would be restored in full.

The rule of giving out the earnings of the road from week to week and comparing them with the earnings for similar weeks for the years previous back to the time the cut was made, was established by President Smith in order to enable employees of the road to see what the road was earning and to show them that the road was keeping faith with them in its promise to restore the cut as soon as the earnings justified it.

When notice of the restoration was given, President Smith ordered the officials not to give out the earnings in comparative form, and this order has now been in effect for some time. The road is not furnishing the public with information of its earnings from week to week.
